

Biology-Guided Adaptive Radiotherapy

Virtual symposia, October 6, 2021

Welcome to the BiGART2021 conference!

A one-day virtual event with oral presentations and live discussions.

October 6, 2021

The meeting is open for physicians, physicists, radiobiologists and other scientists with an active interest in the area. The format includes invited presentations and proffered papers.

We invite abstracts from key topics:

- Radiobiology
- Particle therapy
- Normal tissues
- Treatment planning
- Adaptation and motion management
- New concepts
- Clinical outcomes of radiotherapy

A special issue of Acta Oncologica with fast-track review will be published with papers from the meeting.

! Abstract submission deadline: May 20, 2021

! Deadline for submission of manuscripts for Acta Oncologica: June 18, 2021

Please find more information, register before September 29 and submit your abstract here: www.conferencemanager.dk/bigart2021/
