

Invitation for network meeting – Danish network of radiobiology researchers

We are happy to invite to the annual network meeting, the 2019 meeting will take place:

NOVEMBER 27th-28th 2019 at Hotel Park in Middelfart

The meeting is supported by funding from DCCC, which covers all costs for food and overnight stay, but not travel costs.

The aim of the Network and the annual meetings is to further develop radiobiological research in Denmark by establishing and advancing collaborations between basal and clinical research, and between biologists, physicists and clinicians. The program will be centered around the current ongoing research and interests from the participating groups, and will be based on the submitted abstracts. **You can present both ongoing studies, or projects in the planning phase.**

We will have **HPV – clinical role and biological significance in cancer** as one of the topics, which is reflecting an area where preclinical research can contribute to support the clinic.

We encourage you to submit an abstract on your current research. We will assemble and group incoming abstracts, and the program will be based hereon. Talk duration will be optimized to fit the number of abstracts, this will be notified to speakers in due time.

Sign up using the following link: <https://dccrt.wufoo.com/forms/m1wfmn6m1pdl3h/>

before Friday the 27th of September

As we are an open network, please forward this information to anyone who could have an interest.

Very best regards,

Claus Storgaard Sørensen
BRIC, KU

Jesper Grau Eriksen

TENTATIVE PROGRAM

Thursday 27.11.2019

KI 1200: Lunch on arrival

KI 1300: Introduction and welcome

KI 1330: Sessions with incoming abstracts

KI 1430: Thorsten Reichmann, Hamburg University: HPV in head and neck cancer – Molecular and cellular mechanisms

KI 1515: Pernille Lassen, Aarhus University Hospital: The aspects of HPV in Head and Neck cancer in Denmark

KI 1600: Coffee break

KI 1630: Jayashree Vijay Thatte, University of Copenhagen: Molecular mechanisms of HPV-induced carcinogenesis

KI 1700: Discussion on what basic research can contribute

KI 1900: Dinner

Wednesday 28.11.2019

KI 0700: Breakfast

KI 0800 –1130: Sessions with incoming abstracts

KI 1130: Wrap up and good bye

KI 1200: Lunch before leaving
