Symposium & Workshop

**Endpoints and pragmatic trial design  
in palliative radiotherapy**

When: Friday May 23<sup>rd</sup>, 2025  
Where: Copenhagen University Hospital Herlev  
Borgmester Ib Juuls vej 1, Herlev

**Tentative program**

09.30 – 10.00 Coffee and Welcome

**10.00 – 12.00 Symposium**

Endpoints & pragmatic trial design  
*Yvette van der Linde, Leuven*

Platform trials & other innovative trial designs  
*TBD*

ESO-SPARE, randomized trial of esophagus-sparing radiotherapy for  
metastatic spinal cord compression  
*Anna Mann Nielsen*

**12.00 - 12.30 Lunch**

**12.30 - 15.00 Workshop**

Presentation of pre-meeting survey and workflows  
*Lars Fokdal*

Outline of proposed trial design  
*Gitte Persson*

Discussion in groups and plenum

Design & endpoints

Central trial unit

Workflows for patient inclusion and follow-up

- How to reduce trial-related patient strain
- How to reduce clinician's workload
- Delegation of tasks

Embedded trials

Responsibilities and tasks
