

ONE STEP AHEAD OF CANCER

WORKSHOP ON LUNG CANCER
2 NOVEMBER, 2020, 12.00-16.00

PROGRAM

12.00-12.10 WELCOME

Mef Nilbert

Status and challenges

12.10-12.30 : Lung cancer epidemiology

Lina Mørch / Anne Julie Tybjerg

12.30-12.50 : Screening – what's the evidence

Janne Bigaard

12.50-13.00 : Break

13.00-13.25 : Treatment and outcome - state-of-the art

Seppo Langer

13.25-13.50 : Early palliative treatment – what's the evidence

Per Sjøgren

Promising research areas

14.00-14.15 : ctDNA as a prognostic biomarker

Boe Sandahl Sørensen

14.15-14.30 : Lung cancer profiles

Zoltan Szallasi

14.30-14.45 : Lung cancer pathways

Linda Aagaard Thomsen

14.45-15.00 : Nurse-led navigation for vulnerable patients

Pernille Envold Bidstrup

15.00-15.10 : Break

How to raise survival in lung cancer?

15.10-15.30 : The Danish lung cancer group and its national research center

Ole Hilberg

15.30-15.50 : Group discussions to define initiatives

All

15.50-16.00 : Summary

Mef Nilbert /Jesper Fisker

The Danish Cancer Society, Strandboulevarden 49, 2100 Copenhagen.
Room 5S (bottom floor) and online by Zoom via <https://zoom.us/j/91752516672>.
Language: English

Participation is free of charge. If you wish to attend physically, please write to lissa@cancer.dk,
phone 3525 7613

Far too many patients die from lung cancer. The Danish Cancer Society Research Center and the Guidepost Team arrange a workshop to share knowledge, initiate collaborations and discuss research priorities with the aim to decrease the number of deaths from lung cancer.

Towards 2025, the Danish Cancer Society will make a dedicated effort to bring Denmark one step ahead of cancer by:

- > increasing the cancer survival rate from 62% to at least 75%*
- > reduce smoking by half*
